## About This Software

### **Easy editing. Precision controls. Unlimited Possibilities.**

PowerDirector delivers professional-grade video editing and production for creators of all levels. Whether you're editing in 360°, Ultra HD 4K or even the latest online media formats, PowerDirector remains the definite video editing solution for anyone, whether they are beginners or professionals.

### **Express Video Creation**

With Express Projects you can pick from a huge range of ready-made templates complete with effects, transitions, animations and music. From there it's simply a matter of adding your clips to the timeline and clicking 'Produce'!

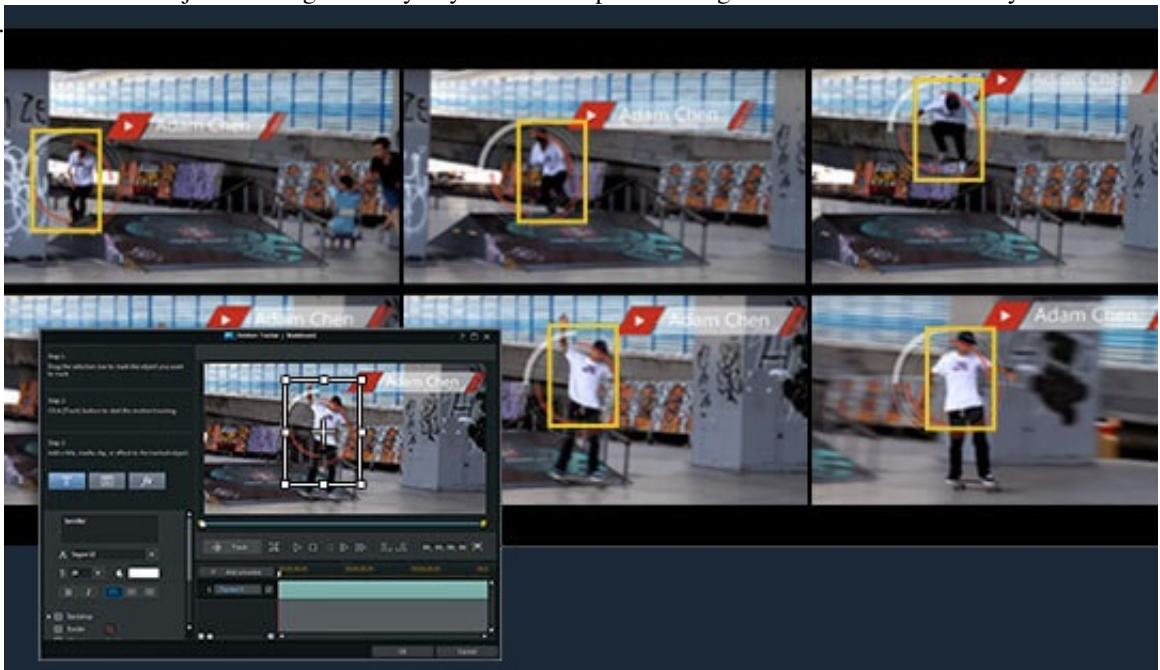

## Multi-key Sampling Chroma Key Editing *NEW*

Now you can perform Hollywood-style green screen editing thanks to an improved chroma key engine and multi-key color sampling.

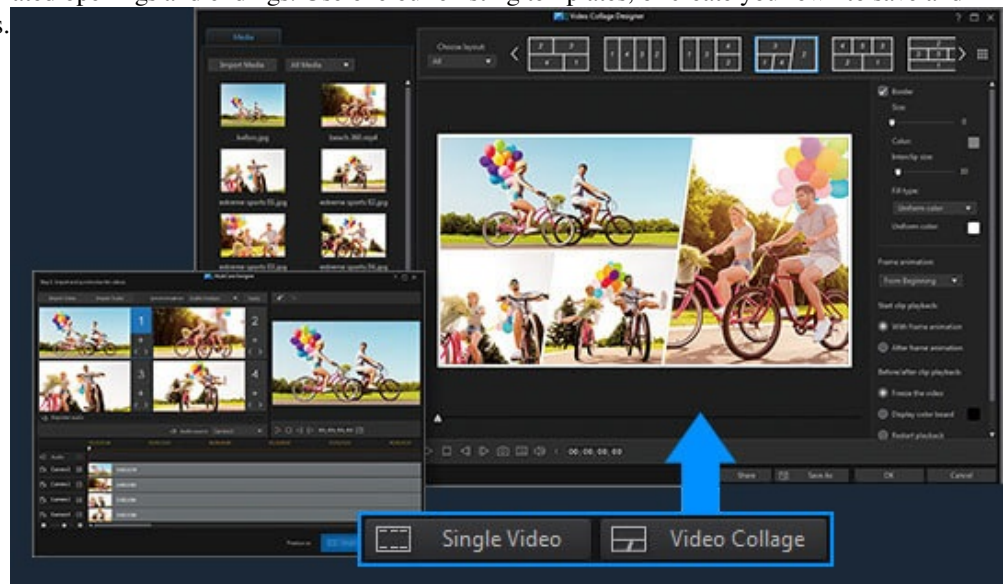

## Frame-by-frame Motion Tracking *NEW*

Ensure 100% accurate object tracking accuracy in your video clips with the granular control of frame-by-frame motion tracking.

## Integrated Video Collages & MultiCam Editing *NEW*

The intuitive MultiCam Designer allows you to synchronize and switch between footage shot from different cameras. Choose to produce a single video, or use Video Collage Designer to create a stunning, totally customizable collage complete with animated openings and endings. Use one of our existing templates, or create your own to save and reuse on different projects.

## Video Pre-cut *NEW*

Pre-cut long clips into short, reusable segments that you can use repeatedly throughout multiple projects.

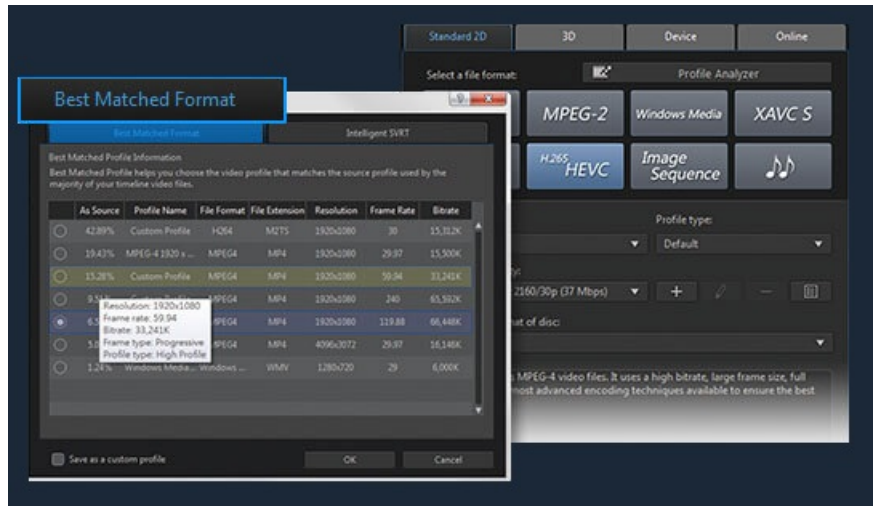

## Nested Video Editing *NEW*

Add and edit multiple projects in the same video project for more efficient editing and effortless creativity.

## Best Matched Profile *NEW*

Best Matched Profile helps you select the video profile that best suits your video based on the source clips. It makes producing high-quality videos a breeze.

## Faster Rendering & Production *Enhanced*

PowerDirector has held the title of world's fastest video editing software for several versions. Powered by the 64-bit TrueVelocity engine and with the support of OpenCL, multi-GPGPU acceleration and latest hardware acceleration technology, PowerDirector provides unparalleled performance in HD and 4K video rendering.
